Juniors To Pursue to Sea Cliff

The Seniors sneaked today. After weeks of anticipation the High and Mighties crossed up everyone, and slipped away to the coast early this morning. The Juniors are expected to follow and give battle immediately.

SIMONI KIDNAPPED

Si Simoni and Carl Palmer were kidnapped by the "Foxy" Seniors. To keep Palmer from escaping his clothes were removed. However Simoni looked too big, and after a battle leaped from a window and escaped, successfully sounding the alarm for the Juniors.

FRIDAY SNEAK NEW

The idea for a Friday Sneak Day is new; heretofore the Seniors have always sneaked on Tuesday or Thursday. The Friday sneak, however, will answer a twofold purpose. First it will discourage opposition; second, its newness would have completely upset the Juniors but for Simoni's escape.

Seniors Stirred To Action By Juniors; Tower Bell Sounded

Five cheers and a whoop for the Seniors!! Ired by the recent action of the Juniors, the Seniors rang the Junior's bell and set the whole campus on edge wondering if it was Senior Sneak Day! But unfortunately, the bell was not rung as loudly as possible since the ringer, Ed De Fraga, Senior vice-president, along with Theron Fox, was kidnapped by the Junior gang late the night before.

Theron Fox, Senior president; and Ed De Fraga were attending the Kappa Delta Pi at Dr. MacQuarrie's home. Near the end of the evening Ed De Fraga went outside for a few minutes and as a result immediately disappeared. Fox followed and that was the last heard of the two high and mighty Seniors until early next morning! Then it was discovered that Fox and De Fraga had been taken for a ride that ended up beyond Milpitas from where the great Seniors had to hike seven long and weary miles home.

This great kidnapping feat was preceded by a strange march of three Seniors following Carl Palmer, Junior vice-president, from the Library to the Times office, where Palmer hid from the hefty Seniors, and then to the place where Palmer had his car parked. Maybe he was shaking in his shoes and maybe not, but anyway Palmer couldn't help feeling excited when the Seniors made a (Continued on Page Two)

PHELAN AWARDS GIVEN DESERVING STUDENTS AT GATHERING

Yesterday afternoon in the Little Theatre the Phelan Contest awards were given to a long list of students who won prizes for creative writing.

With the Little Theatre packed with interested students, a program preceded the awarding of the prizes. Alma Lawry Williams sang several vocal selections, and Marion Faltersack, a student, read some of the poems which won prizes.

The presentation of the prize-winning play, "Thunder on the Mountain, by Michel Lippman, was preceded by a brief introduction by Miss Jenks, head of the Speech Arts department.

She explained that the play would be read by a group of students, and no action or scenery would be used. This method of presentation has never been used to State audiences before, but has been used at Stanford and other universities before.

The latter part of the program was devoted to the awarding of the substantial cash prizes to the contest winners. The following received awards: Jean Sewell Smith, Erma Faxon, Hugh Penn, Ray Rhodes, Michel Lippman, Dick Glyer, Frances Ayres, Albert Johansson, Glenn Carrico, Einar Christy, Richard Hiatt, Cyril Wood, Delos Wolfe, Bill Watson, and Florence Wright.

Student Affairs Committee
Will Meet Today With
Chairman Simoni

Si Simoni, student affairs chairman, and Coach Erwin Blesh are at the present time formulating a plan which may eventually lead to the successful crowning of next year's track team as Far Western Conference champions.

This plan, if successfully terminated will result in a training table for the members of the track team. Blesh believes that if the members of his track team next year are given one, well-balanced, well-planned meal a day, their physical condition will be greatly benefited.

Money to put this plan over will be raised through entertainments, parties, dances and other social functions. Various prominent organizations on the campus have promised their support in the undertaking.

If these plans of Simoni and Blesh should be successfully completed, Blesh believes that with the men who are returning next year, there is no reason why the team has not an excellent chance for the championship.

Donuts and Punch To Be Served

Through special arrangement with Klindt's Glazed Do-Nut Company do-nuts have been obtained at a substantial reduction in price. Punch will be served, also, and to help defray the expense of such refreshments, each student attending will be asked to pay the small admission price of 10 cents.

Cox's Orchestra To Play

The dance music will be played, and excellently too, by Paul Cox's orchestra. Simoni, chairman of student affairs, realizes the value of good dance music, and has therefore obtained one of the best campus orchestras to please the students.

Teams To Be Introduced

Coach Walker and Blesh will introduce the members of their teams to the students, enabling many students to see the persons behind the names which appear so frequently in the sport columns.

Simoni will be aided by members of the student affairs committee, and he asks that this committee meet with him in the Women's Gymnasium this afternoon at 4 o'clock.

The dance will be very informal—wear anything you wish—but be sure and come!

ANNUAL HOME-MAKING CONFERENCE WILL BE HELD HERE TOMORROW

Tomorrow, the second annual Regional Conference in Home-Making education, called by Miss Maude I. Murchie of the State Bureau of Home-Making Education, will take place from 9:30 to 3:30.

Miss Verna Temple, of the Child Training department on the campus, will open a discussion on that subject, such as it could be taught in small high schools, covering the question, "How teachers can enrich their present programs and extend field work."

Recent books dealing with Home-Making subjects will be reviewed by Martha Thomas, also of this department. There will probably be an exhibit of these books.

Miss Murchie calls a Regional Conference twice a year for the purpose of discussing various problems in junior and senior high schools. The counties of Merced, Mariposa, Stanislaus, San Joaquin, Calaveras, and Tuolumne are included.

Miss Murchie will preside at all meetings, to which anyone interested in Home-Making education is invited. Guests may also attend the luncheon at O'Brien's, which will be sixty cents a plate.

Miss Phoebe Pugh, former graduate of San Jose State who is now teaching in Campbell Grammar School, is one of the candidates for queen of the Fiesta de las Rosas.

Miss Campbell is a petite brunette, and the daughter of Mr. and Mrs. John J. Pugh of Campbell.

Just Among Ourselves

Why don't you plan this Spring to visit classes all over the College? Some wonderful work is being done right here on our own campus. Every room, shop, laboratory, and field is buzzing, for we're on the last lap now. You may uncover some unsuspected interests, and in any case you'll be quite thrilled over your College.

Having some very nice music this spring. Must have been 200 at the last musical half hour. The recital in the Little Theater Wednesday night was excellent. Had a great time trying to select my favorite. Been quite interested to note the appreciation we show for good music. The older I get, the less I like this trumped up stuff which goes under the name of modern.

One day, too, we're going to have some good lecturers. If our stadium proves a success, we may have a little money to help out in supporting a fine lecture program. I have always felt the need of it, but have not seen my way clear to finance it.

Speaking of the stadium, have you experienced it yet? I suppose every Spartan Knight and Spear has been out there many times. One of these days we may have a drive to get shrubbery, plants, seeds, etc., for the artistic background. We must make that place beautiful as well as efficient.

And while I am at it I don't see why we can't have some high class entertainment before games and between halves. Start off with half an hour of a really fine band concert, one that people will come to hear. Then have a little ceremony in connection with the raising of the American flag, and perhaps permit a little levity in between halves. After the game is over, how would it be to remain where we are until the colors are lowered? Seems to me a little formality, a little concern about

beauty would be a fine addition to our offering. If you have any suggestions for unique programs this fall, hand them in.

That soap box should be for ourselves and no one else. Out-siders have no business there. We need practice more than instruction, and certainly must have a chance to blow off steam occasionally.

Attended our first outside alumni barbecue Saturday at Modesto. Had a fine time. Miss Innes, Miss Hinze, Miss Tucker, and Bill Richardson ushered me over. That Modesto group shows a good deal of spirit. Fine barbecue, good entertainment, pleasant evening. All were anxious to hear about the College. We can hardly realize how our alumni look back to the old place. One young woman who has been out teaching for several years says that she reads the Alumni Bulletin from cover to cover, and likewise the College Times when she gets hold of a copy. Taking a big risk, isn't she, in reading all of the stuff we write.

Peppy entertainment will be furnished by the inter-society group, and an introduction speech will be given by Adah Mae Rhoads, president of the A. W. S.

The general chairman of the event is Evelyn Pritchard. Other members in charge are Carmella Carmen, contact man; Jean Hawley, advertising; Roberta Barwell and Corinne Kibler, publicity; Margaret Keesling and Frances Gifford, luncheon arrangements; Betty Hartwig, entertainment.

dash for his car. Fortunately for Palmer he got there first and slammed the door preventing the Seniors from having a ride. And what a ride that would have been!

Still another record-breaking event occurred Tuesday evening when Carl Palmer and several of the other Juniors went over to Bud Applegarth's house to take a picture. And what a picture! The greatly fought over Junior black and yellow flag was the subject of the picture, and imagine the surprise of the Juniors when they ran into a nest of high and mighty Seniors!!

But the intelligent Seniors didn't know what the score was; so they were persuaded to leave and shortly afterward a picture was taken of the defiant Junior flag!

BETROTHAL OF POPULAR COUPLE ANNOUNCED AT PARTY LAST SATURDAY

The betrothal of Miss Josephine Swickard, a charming State co-ed, and Whitney Wright was revealed at a beautifully appointed party given Saturday last by Miss Carol Wright and Miss Alice Mercer in honor of the popular bride-elect.

The party given at the San Jose Country Club, was one of the loveliest of the year, the large luncheon table being particularly attractive in its setting of white and silver over a white satin cloth.

Pure white blossoms of iris, stock, sweetpeas, roses and silver leaves combined with broad silver ribbon were used for the exquisite decorations with tall white tapers in silver holders completing the lovely arrangement. The place of each guest was marked with a corsage bouquet of gardenias and attached to these were the tiny announcement cards.

Miss Swickard will graduate from State this June, where she has a large group of friends. She is a member and a past president of the Sappho society.

Mr. Wright was graduated from Stanford two years ago and was affiliated with the Theta Chi fraternity. He is now in business with his father.

June will be the month for the wedding, although as yet there has been no definite plans made.

Bridge was enjoyed by the guests during the afternoon.

Betrothal of Graduate of State Announced Tuesday

The date of the wedding of Miss Carol Dew Melvin, graduate of San Jose State in the class of 1932, was announced at a lovely party Tuesday evening, May 4th, as being set for June 14th in Stanford Memorial chapel.

After an evening of bridge, the announcement was made in an unusual way. Each table was given a cross-word puzzle to work and when completed revealed the names of the betrothed, the wedding date and the place.

Miss Melvin's engagement was revealed last August by the parents of Miss Melvin. While attending State she was a prominent member of the Delta Theta Tau, Epsilon Nu chapter, a national society.

Mr. Amnden is the only son of Mr. and Mrs. Ralph C. Amnden. He attended San Jose State College and Stanford University, where he received his A. B. degree in 1930 and his Master's in 1932. He is now an instructor in the Science department at San Francisco State College. Also he is taking work at Stanford for his Doctor's degree in the department of chemistry. He belongs to Phi Sigma Zeta fraternity, to Sigma Xi, honorary research, and Phi Lambda Upsilon honorary chemistry fraternity of Stanford.

SARATOGA IS SELECTED FOR PLEDGE DANCE TO BE GIVEN ON SATURDAY

The Sigma Gamma Omega fraternity have chosen the Saratoga Football clubhouse for its sport dance which will be given this Saturday night, May 20th.

This dance is an annual affair, given in honor of the new members pledged during the spring rushing season. The rush season culminated last week with a stag smoker held at the Hotel De Anza. The evening was devoted to cards.

Every effort is being made for the pleasure of the guests at the dance. The ballroom will be transformed into a Holland coast.

The bids are cleverly made in the shape of a wooden shoe which, when opened, reveals a Dutch boy and girl.

The dance is open to college students and their friends. Bids may be obtained from the general chairman, Harry Jennings, and the following fraternity members: Perry Stratton, president; William Cowan, George Silva, Paul Arner, Frank Hamilton, Bud Stewart, George Lawry, Jim Fitzgerald, Dick Sanders, Chester Hess, Jack Hensil, Clyde Kimball, Junior Wilson, Bill Dresbach, Albert Benson, Frank Covello, Clarence Naas, and Milton Hext.

Dr. B. Lubowski will be the faculty guest.

Annual Reunion of Beta Gamma Chi Held May 5

Beta Gamma Chi alumnae members had their annual reunion bridge luncheon in the French room of the Palace Hotel Saturday, May 5th. This brings to a climax a very successful year.

Luncheon was served at a U-shaped table with corsage bouquets of various flowers massed in decorative groups and candelabra of pastel tapers at the center and ends of the table. Artistic place cards decorated with the society crest, marked the individual corners and later served as tallies for the bridge games.

After luncheon a business meeting for the purpose of electing officers was held.

The guests of honor were the seven graduating members of the active chapter. They were: Misses Elda Beth Hamilton, president of the campus chapter; Helen Pearce, Grace Heimlich, Eileen Montgomery, Peggy Durney, Helen Huff and Vera Snow.

The annual tea in honor of the active chapter was held in the fall at the beautiful country home of the alumnae chapter, Miss Dorothy Stelling. The active chapter entertained at the faculty-alumnae tea recently.

The alumnae group has been holding meetings and having teas at the homes of Mrs. Bruce Stern and Mrs. Walter M. Stevens, and at the Allied Arts Guild in Palo Alto, and luncheon at the San Jose Country Club. The June meeting will be a no-host luncheon on Home-Coming Day at the State College.

Everyone interested in publicity are asked to attend a short meeting in room 51 on Wednesday noon. Twenty-five or 30 people are needed.

Three Spartans Will Compete In P. A. A. At Kezar Tomorrow

SALVATO WILL MEET BIG-TIME SPRINTERS, OREM AND ROBINSON TO HOLD GRUDGE RACE

Three determined Spartan athletes will invade San Francisco tomorrow bent on making the best showing possible among the 220 odd entries in the annual P. A. A. track meet to be held at Kezar Stadium. This meet is the last one of the year for this section of the country, and the pick of Northern California athletes will be present to try their wares.

Salvato in Hundred

Leading the local contingent will be Lou Salvato, winner of the hundred yard dash in both the Far Western Conference and the College division of the Fresno Relays. The diminutive Spartan flyer will compete in the 100 meters, which represents approximately 110 yards in plain everyday English. This race will give him a chance to match strides with some of the more prominent "big time" runners of the Bay region, possibly even Stanford's Les Hables. It will also give him a chance to even the score with Fay Loderidge of the Olympic Club, who nosed him out in a disputed finish here three weeks ago. Other prominent contenders in the race are expected to be Sparks of the Olympic Club, Hudson of California, Lombardi of Stanford, and Bell and Stith of S. F. U.

Orem in 800 Meters

The second of the trio will be Fred Orem, who is out for blood in the 800 meters run. This race promises to be one of the feature events of the day as a brilliant field is expected. Providing Ben Eastman does not compete, the favorite will be Elroy Robinson of Fresno State, who ran that sensational 1:54.6 half in the last leg of the College two mile relay at Fresno. Robinson holds two decisions over Orem this season, and the Spartan is determined to give him a battle all the way. Pushing Robinson for honors will be Sam Eastman of Stanford, Doug Knowles of S. F. U., Kenny Bright of the Olympic Club, Lemmen of Sacramento Junior College, and Orr and Kitchell of California.

Cunningham Doubtful

The last and most doubtful member of the threesome is Frank Cunningham, local javelin thrower par excellence. Frank is entered in the meet, but he is doubtful as to whether or not he will make the trip. Should he decide in the affirmative, the spear entrants will be in for a tough afternoon. In spite of the fact that he had an off-night at the Fresno Relays, the Spartan ace is capable of out-throwing such seasoned performers as Mottram of Stanford, and Waterbury and Miles of California. His toss of 212 feet made in the dual meet with Fresno still stands as the longest made in America this year.

Reunion for Spartans

The meet will take on the aspect of a reunion for Sparta's three warriors. Four teams whom the locals met in dual competition will be present. They are S. F. U., Sacramento J. C., the Olympic Club and Fresno State. Indeed

Intra-Mural

By Dick Bertrandias

Although the sturdy, stalwart, steadfast and stately Seniors copped the Intramural doubles tennis, the Freshmen are still retaining a desperate hold on first place in the Intramural race. And fellows, right here is the time to state that the sole reason for their keeping that coveted position is due to their large turn-out. So-o-o it IS the number participating that is the large factor. Winning a championship is just a part of it.

Here are the present standings by points:

Frosh 1668
Seniors 1566
Sophis 1283
Juniors 765.

The Sophs stand a fair chance also. They are doing big things in track and baseball and golf are still unfinished.

Amyx and Kalas outplayed Caecitti and Geary to win the distinction of Doubles Tennis Champs for the Senior class and themselves. The score of the set: 6-4, 6-4.

Baseball seems to be going quite successfully since the method of play was changed by Coach Walker. The Seniors and the Frosh are battling hard for that first place. Both entered two teams and both are out to win as many games as possible. That lead in the Intramural struggle depends a lot on the outcome of the baseball tournament. But, don't forget those Sophs. True they only have one team entered in baseball, but they are plenty good and gunning for the baseball crown.

Winners of the events by games

It will be the fourth time that San Jose men have tangled with Fresno State's ace performers during the current season.

Flint Hanner's men, by the way, have an excellent chance of coping the meet. He has entered 13 men, and every one of them is a potential winner. Walt Marty, the new sensation of the high jumping world; Floyd Wilson, diminutive broad jumper; Herb Denham, hurdler; and, of course, Robinson, are the most likely of these.

Sacramento J. C. too has entered a strong aggregation. Lemmen and Tormey, middle distance men; Wood and Moore, hurdlers; Benn, broad jumper; and Mangers, pole vaulter, are the most outstanding of the Capitol City contingent.

Country's Leading Spear Toss

Frank Cunningham, above, contrary to previous opinion, may throw the spear in the Pacific Athletic Association meet to be held in San Francisco tomorrow. Frank has to his credit the best throw recorded this season, which is a 212 foot toss, made at Fresno.

Dud De Groot Divides Grid Turnout Into Four Teams and Utility Squad

Coach De Groot, well pleased with the results of Spring practice thus far, has organized his veterans into four teams and a squad of utility men in order to develop morale and in order to get new plays going. The utility men will fit into any of the four teams. The men are placed on this squad primarily to try them out in different positions. De Groot plans to end spring practice with competition between the teams.

Quarter Wanted

De Groot has endeavored to make each team as evenly balanced as possible in order to try out his different quarters, and see how each handles each team. The men are called quarterbacks because they call signals, for the so-called quarters play in almost any position in the team. Delos Wolfe, Jim Francis, George MacLachlan, Howard Wulffing, George Embury, and Jack Kellogg will be the signal callers.

De Groot has divided his turnout into a major, or veteran group and a minor, or beginning group. The former practices on Monday, Wednesday and Friday, and the

so far this year seem to be divided between the Seniors, Frosh, and Sophs. They are recorded as follows:

Seniors 4
Sophs 2
Frosh 2
Juniors 0.

And now I concede the dear old Intramural column to my friend and co-worker, Bob Leland, with lots of luck. He'll need it.

latter on Tuesday and Thursday. This change enables him to devote more attention to men he expects will be on next fall's varsity.

Plays Given Teams

At a chalk talk held last week, De Groot gave his proteges their first plays. Starting from that point he intends to work out and elaborate offense. He is also spending much time shifting the assignments of the various positions about in order to improve the double wing back formation used last year. He has reversed the assignments on a guard and tackle radically on offense and the results are gratifying. This new shift works especially well on reverses and double reverses. This is an entirely new innovation and something "Pop" Warner overlooked.

The selected teams are as follows:

The P. A. A. meet in San Francisco tomorrow will give Flint Hanner a chance to show people what a really great track team Fresno State has. Checked at every turn in their efforts to secure competition, the Bulldogs have competed in but five meets this season, and only two of those were of the dual nature. As a result, the public has had little chance to become acquainted with the ability of the Raisin City performers.

Walt Marty's record breaking high jump has stirred up a lot of justifiable wrath against America's method of selecting the Olympic team. Let's hope that it has some effect.

It also seems to be the style to pan the metric system. All that we can say is that we have as yet to see anyone in favor of it.

It is our wager that more than one Far Western Conference track athlete will compete and place in the National A. A. U. championships in Chicago this summer.

Elroy Robinson of Fresno gets his big test tomorrow. He attracted considerable attention with his now famous 1:54.6 performance at Fresno, and now he will have to prove that it wasn't a fluke against first class competition.

Tormey of Sacramento Junior College, and Kenny Bright of the Olympic Club, ought to stage a grand old battle in the 1500 meters tomorrow. With Benavides of the University of Southern California and Mills of Washington State, they rank as the best milers on the entire Pacific Coast. Tormey has done 4:24.4, and Bright 4:24 flat. While the 1500 meters is somewhat shorter than a mile it will not give either runner an advantage.

Frank Cunningham has a big chance to redeem himself in the eyes of the public tomorrow. Whether he will take it or not is another matter. He certainly has everything to gain and nothing to lose. It was his misfortune to have an off day right after some long needed publicity had put his name before the public, and now he can prove that the publicity was right. His very performances for the season bear evidence of his ability. At Fresno was only the third time all season that he has been under 190 feet, which isn't too bad spear tossing.

Dud De Groot has split his spring practice into four teams. These eleven will work together as units until the end of the spring drill session. During the last week Dud plans to have several full length competition games to determine the actual ability of the various men.

San Jose will have an offensive team next fall or know the reason why. Plenty of blocking practice is the order of the day during those arduous afternoon drill periods through which Mr. De Groot puts his cohorts of the gridiron.
